

SUMMARY

Software Developer Intern with experience in Python, Django, and REST API development. Skilled in using DevOps practices and AWS cloud for application deployment and automation.

TECHNICAL SKILLS

- Programming:** Java, Python, Bash, Shell Scripting
- Frameworks:** Spring Boot, REST APIs, OAuth, JWT, Django
- DevOps & CI/CD:** Git, GitHub, GitLab CI/CD, Jenkins, Docker, Kubernetes, Ansible, Terraform(Basics)
- Cloud & Infrastructure:** AWS, Linux, VMware, IAM, RBAC, Load Balancing
- Monitoring & Security:** Prometheus, Grafana, Trivy
- Databases & Cache:** MongoDB, MySQL, Redis
- Testing:** SonarQube, Junit, Mockito

PROFESSIONAL SKILLS

Infrastructure Automation, CI/CD Pipeline Development, Cloud Deployment, Monitoring & Observability, Troubleshooting, Problem Solving, Communication, DevSecOps

WORK EXPERIENCE

SunFibo Technology

Software Developer Intern

May 2026

Pune

- Developed and deployed Python Django applications and REST APIs for **3D-to-2D CAD workflows** using **Trimesh** and **CadQuery** with Docker and AWS Cloud.
- Implemented CI/CD pipelines and DevOps monitoring using Jenkins, Terraform, Prometheus, Grafana, and Trivy for automated deployment and infrastructure management.

PROJECTS

IT Asset Management Platform

GitLab

- Problem Solved :- Built an IT Asset Management Platform to centralize tracking of company assets, assignments, statuses, and inventory data.
- Tech Stack :- Java 21, Spring Boot, MongoDB, Redis, Docker, Kubernetes, GitLab CI/CD, Trivy, Terraform, Ansible, AWS EC2.
- Impact / Explanation :- Developed 6+ REST APIs with Redis caching, Dockerized deployment, CI/CD security scanning, Kubernetes manifests, and AWS EC2 provisioning using Terraform + Ansible.

Cloud-Native 3-Tier Incident Management Platform

GitHub

- Built and deployed a scalable 3-tier incident management platform using Flask, MongoDB, Redis, Docker, and Kubernetes.
- Automated CI/CD pipelines using GitHub Webhooks and Jenkins for build, scan, deployment, and smoke-test workflows.
- Integrated Trivy, Prometheus, and Grafana for DevSecOps security monitoring and observability.

EDUCATION

MES Abasaheb Garware College, Pune

Master of Computer Applications (MCA)

Pune

2024 – 2026

Modern College of Science, Pune

Bachelor of Computer Science

Pune

2021 – 2024

CERTIFICATIONS

Java
